D-BOX TECHNOLOGIES COMPLETES \$7.2 MILLION PRIVATE PLACEMENT TO MAJOR INSTITUTIONAL INVESTORS

Longueuil, Québec, February 18, 2010 - D-BOX Technologies Inc. (DBO.A : TSXV), a leader in innovative motion technology for the entertainment industry, is pleased to announce that it has completed a private placement by issuing an aggregate of 20,692,886 units to seven institutional investors at a price of \$0.35 per unit, for gross proceeds to D-BOX of \$7,242,510.

Each unit is comprised of one common share and one-half of a common share purchase warrant. Each full warrant entitles the holder to purchase one additional common share of D-BOX at a price of \$0.55 until February 17, 2011. The private placement was conducted on a “non-brokered” basis.

“We are very pleased that the Caisse de dépôt et placement du Québec, a major institutional investor, participated in our private placement”, said Claude Mc Master, President and Chief Executive Officer of D-BOX. “Sipar Inc. and other important Canadian investment funds also participated. Their decision to invest, or increase their existing equity position in D-BOX, is a sign of their confidence in our growth strategy. At the same time, the proceeds from the private placement will help D-BOX to carry out its business plan,” Mr. Mc Master continued.

D-BOX will use the proceeds from the private placement to accelerate the deployment of its motion systems for commercial theatre application and for working capital and general corporate purposes.

As a result of the private placement, there are 124,107,568 common shares of D-BOX issued and outstanding. Under applicable securities legislation and the policies of the TSX Venture Exchange, the securities issued in the private placement are subject to a four-month hold period expiring on June 18, 2010.

ABOUT D-BOX

D-BOX Technologies designs and manufactures leading edge high-technology motion systems mainly suited to the needs of the entertainment industry. With its unique, patented technology, D-BOX MOTION CODE™ uses motion codes specifically programmed for each film, TV program or video game, which are sent to a motion generating system integrated within either a platform or a seat.

The resulting motion is perfectly synchronised with all onscreen action, creating an unmatched realistic, immersive experience. To date, D-BOX MOTION CODE™ is available on more than 900 titles. Accordingly, many prominent Hollywood studios have started embedding D-BOX MOTION CODE™ on selected high definition Blu-ray™ releases. By reaching agreements with the leaders of both the motion picture and gaming industries, D-BOX's award-winning motion technology is gradually proving itself as a new global standard in the entertainment world.
