**D-BOX Signs Theatrical Agreement with Walt Disney Pictures  
For Movie *Prince of Persia: The Sands of Time***

*Experience this New Walt Disney Pictures/Jerry Bruckheimer Films Action-Adventure Film in D-BOX MFX Seats Opening May 28.*

**Longueuil, Quebec, (March 15, 2010)** – D-BOX Technologies Inc. (DBO.A on the TSX Venture Exchange), a leader in innovative motion technology for the entertainment industry, has announced its first agreement with Walt Disney Pictures to feature its groundbreaking motion technology with the studio's new film from producer Jerry Bruckheimer, *Prince of Persia: The Sands of Time*, opening in theatres May 28.

"We are very proud to count Walt Disney Pictures as a supporter of our technology. Disney has a very good reputation within the industry and has demonstrated over the years much dynamism and vision. Following last year's acquisition of Marvel Entertainment, which complements their already broad portfolio, this studio is well positioned to produce movies which will fit particularly well with our technology", declared Claude Mc Master, President and Chief Executive Officer of D-BOX Technologies.

From the team that brought the Pirates of the Caribbean trilogy to the big screen, Walt Disney Pictures and Jerry Bruckheimer Films present *Prince of Persia: The Sands of Time*, an epic action-adventure set in the mystical lands of Persia. A rogue prince (Jake Gyllenhaal) reluctantly joins forces with a mysterious princess (Gemma Arterton) and together they race against dark forces to safeguard an ancient dagger capable of releasing the Sands of Time – a gift from the gods that can reverse time and allow its possessor to rule the world.

**About D-BOX**

D-BOX Technologies designs and manufactures leading edge high-technology motion systems mainly suited to the needs of the entertainment industry. With its unique, patented technology, D-BOX Motion Code™, uses motion effects specifically programmed for each film, TV series or video game, which are sent to a motion generating system integrated within either a platform or a seat. The resulting motion is perfectly synchronized with all onscreen action, creating an unmatched realistic, immersive experience. To date, D-BOX Motion Code™ is available on more than 900 titles.

Accordingly, many prominent Hollywood studios have started embedding D-BOX Motion Code™ on selected high definition Blu-ray™ and theatrical releases. By reaching agreements with the leaders of both the motion picture and gaming industries, D-BOX's award-winning motion technology is gradually proving itself as a new global standard in the entertainment world. D-BOX is a publicly traded company listed on the TSX Venture exchange under the symbol DBO.A. For further information please see [www.d-box.com](http://www.d-box.com).
