

D-BOX ANNOUNCES INCREASED REVENUES FOR ITS THIRD QUARTER

Longueuil, (Québec), February 23, 2010— D-BOX Technologies Inc. (DBO.A on the TSX venture exchange) announces revenues of \$1,314,968 for the third quarter of its 2010 fiscal year which ended December 31, 2009 which compares to revenues of \$1,227,340 for the third quarter of the 2009 fiscal year. The net loss for the quarter amounts to \$1,440,576 (\$0.0139 per share) which compares to a net loss of \$1,259,202 (\$0.0134 per share) for the corresponding quarter of the 2009 fiscal year. For the nine-month period ended December 31, 2009, D-BOX announces revenues of \$3,412,542 which compares to revenues of \$3,365,783 for the first nine months of the previous fiscal year. The net loss for the first nine-months of the 2010 fiscal year amounts to \$4,408,480 (\$0.044 per share) which compares to a net loss of \$3,805,627 (\$0.041 per share) for the corresponding period of last year.

Recent highlights

- The Corporation completes on February 17, 2010 a financing for a gross amount of \$7,242,510 consisting of the issuance of 20,692,886 common shares and 10,346,443 share purchase warrants. Each share purchase warrant allows its holder to purchase one additional common share of D-BOX at a price of \$0.55 for a twelve month period ending February 17, 2011. This amount will add up to existing liquidities and will mostly be used to accelerate the deployment in commercial theatres.
- The Corporation posts, for the quarter ended December 31, 2009, the highest revenues of its history, \$1,314,968
- D-BOX continues its breakthrough in the commercial theatre market;
 - Presentation of three new feature presentations during the quarter and two more in the months of January and February for a total of eleven since the month of April 2009.
 - Installation of 152 new motion units in six theatres during the quarter bringing the total number of motion systems deployed to 318 across thirteen theatres, reflecting a growth rate of 92% during the quarter.
- As at December 31, 2009, more than 50,000 tickets had been sold for a feature presentation of a film embedded with D-BOX technology.

Commenting the quarterly accomplishments, Mr. Claude Mc Master, President and Chief Executive Officer of D-BOX stated: " We are very encouraged by the progression of our revenues and by the observed deployment in regards to the commercial theatre segment. We intend over the course of the next few months to multiply our efforts towards this new market while obtaining the best possible content from supporting studios. "

Additional information in regards to the three and nine-month periods ending December 31, 2009

The financial information in regards to the three and nine-month periods ended December 31, 2009 should be read in conjunction with the Corporation's financial statements and interim management and discussion analysis dated February 22, 2010. These documents are available at www.sedar.com

Commercial Strategy

In general, D-BOX will focus its development initiatives on three major areas: movie theatres, video games, and home theatre.

In the commercial theatre market, the Corporation intends to continue signing agreements with new exhibitors, to increase the number of motion units (MFX seats) installed at existing ones and to obtain additional content from movie studios. In regards to the home entertainment segment which includes the video gaming and home theatre markets, the Corporation aims to expand its distribution network mostly thru new OEM (Original Equipment Manufacturers) agreements aimed to complement direct sales efforts (Video Games). D-BOX believes that further tapping into these markets could drive significant revenues while boosting recognition of its technology.

About D-BOX

D-BOX Technologies designs and manufactures leading edge high-technology motion systems mainly suited to the needs of the entertainment industry. With its unique patented technology, D-BOX Motion Code™, it uses motion codes specifically programmed for each film, TV program or video game, which are sent to a motion generating system integrated within either a platform or a seat. The resulting motion is perfectly synchronised with all onscreen action, creating an unmatched realistic, immersive experience. To date, D-BOX Motion Code™ is available on over 900 titles. Accordingly, many prominent Hollywood studios have started embedding D-BOX Motion Code™ on selected high definition Blu-ray™ releases. By reaching agreements with the leaders of both the motion picture and gaming industries, D-BOX's award-winning motion technology is gradually proving itself as a new global standard in the entertainment world.
